The Massachusetts Council for the Social Studies (MCSS) is an organization with a clear mission. Simply, we are “advocating for social studies and civics education for all students.” We invite your institution, your organization, your department, your school to join us in our common mission.

We now offer, in addition to the current individual memberships, the following:

### **Secondary School History/SS Department - \$125**

Now for this yearly fee, the entire department benefits! By providing MCSS with a contact for each department who may forward all the latest news, issues, and professional development opportunities, we reach a greater number of those who share our mission. The reduced NERC registration rates, as well as the early registration opportunities, extend to each department member when the Departmental membership is in effect.

### **Elementary School Building - \$75**

The elementary classroom teacher is overloaded with all the preparation and management issues that characterize the elementary school day. We realize that the elementary classroom teacher cannot afford financially or time-wise to join each discipline’s advocacy group, but by having the entire building join MCSS for this yearly fee, each teacher would be able to receive all the latest news, opportunities, and benefits of membership, including a reduced rate at NERC.

### **Institution/Organization - \$125**

MCSS is not only representative of teachers, but of all who are concerned with our shared mission of furthering and strengthening social studies and civics education. When your institution/organization becomes a member of MCSS, our voice becomes stronger, reaches more decision-makers, and furthers all the events we so sincerely wish to see expand: We the people competitions, History Day, Geography Fairs, students’ registering to vote, Student Government Day, and Civics Day projects, to name just a few. Not only do your members enjoy reduced NERC rates and regularly receive news from NCSS and state and local sources, but also your events and programs reach a wider audience and are highlighted on our calendar notices.
